

Services / Escrow Closing Services

In the Utah real estate market, it is common that title insurance companies handle the closing of the transaction. Many other states involve the services of attorneys proving the importance and complexity of the process.

Escrow Closing Services involve a neutral third party to handle the delivery and acceptance of documents and money in a transaction. It also involved the preparation of certain documents necessary to complete a transaction such as a settlement statement, deeds, etc. Metro National Title provides professionally trained and licensed escrow officers who are well versed in the requirements of buyers, sellers, and lenders, along with the attorneys who represent them. From the most simple transaction to the most complex commercial transaction, you will find seasoned professionals who know and understand what it takes to get the job done right.
